STATINTL

I. Mr. Allen reported on the Executive Council meetings he attended at Headquarters this week:

a. Admiral Gayler of CINCPAC, formerly of NSA, is in town to address the National War College. He is also conducting some work related to the Vietnam situation.

STATINTL

b. At next Tuesday's Executive Council meeting there will be a short briefing on records management to be given by 

c. The IG Staff is available for use throughout the intelligence directorate.

d. Dr. Proctor mentioned that a great amount of time is being spent on the peace effort in Vietnam. Other items such as the SALT meeting are being given secondary attention. The SALT delegation will set up shop in Geneva on 17 November but items for an agenda are not yet firm. Also, the MBFR has a panel meeting which is long overdue; however, there is no fixed date for the MBFR conferences to begin.

e. RSD is involved in the peace situation in Vietnam concerning questions of armistice inspection teams, ground rules and the question of reconnaissance needs and capabilities of the various systems and trying to arrive at a position on these.

STATINTL

f. NPIC completed its SALT search The photography has been reviewed but the data has not been collated yet.

g. Dr. Proctor asked to bring to everyone's attention that the CFC campaign is drawing to a close. Cards are to be turned in as soon as possible.
